How to access your nursing home data

1. Visit the Nursing Home Compare (NHC) website www.medicare.gov/nursinghomecompare
2. Find your nursing home using the search bars
3. Navigate to the quality measures tab
4. Compare the facility’s QM scores to state and national averages
   - You can also graph the values on NHC
   - Note: QM values on Nursing Home Compare are a three quarter average, and lag by 3 months
Nursing Home Compare

Find a Nursing Home

Required Search:
Location - ZIP Code or City, State or State
Example: 21244 or Baltimore, MD or Maryland

Optional Search:
Nursing Home Name - Full or Partial

Search Nursing Homes

Nursing Home Compare has detailed information about every Medicare and Medicaid-certified nursing home in the country. Before you get started, you or your family member may have other long-term care choices like community-based services, home care, or assisted living depending on your needs and resources. For more information, see Alternatives to Nursing Homes.

Nursing Home Spotlight

Nursing Home Compare now has the following:

- You can now search for all nursing homes in a state.
- Ownership information including the names of individuals and organizations with ownership or managerial control of nursing homes.

Use these helpful resources:

- Guide to Choosing a Nursing Home
- Nursing Home Checklist
- How we calculate ratings

Other Sources of Data

• Each nursing home is given advanced access to their Five-Star ratings, via the Five-Star provider preview reports.
• Also included in this report are quality measure values for each quarter, the 3-quarter average, and the national comparison.
• These reports are generated early in the week of the NHC refresh, which is typically on the 3rd Thursday of each month.
• Quality measures are updated quarterly (Jan, Apr, July, and Oct).
• To access these reports, select the CASPER Reporting link located at the top of your MDS State Welcome page. Once in the CASPER Reporting system, click on the 'Folders' button and access the Five Star Report in your 'st LTC facid' folder, where st is the 2-character postal code of the state in which your facility is located and facid is the state-assigned Facility ID of your facility.
• For more real time data you can access CASPER reports through the same system – contact your MDS coordinator or administrator.
